

OPFOR

AIRBORNE

JRTC

COE Implementation Defined

- **OPFOR/JRTC capabilities reflect COE**
- **Scenario/CBI/OPFOR reflect FM 7-100 series manuals**
- **OPFOR/JRTC COE train-up prior to December 2002**

JRTC

Training Required Prior to Implementation

- **Mobile Training Team (MTT) NLT DEC 2002**
- **OPFOR Leader Training - (7-100, Scenario, Road to War)**
- **Soldier Level Briefs**
- **New Equipment Orientation/Training**

JRTC

Environmental Variables

- **Physical Environment**
 - JRTC is established to meet needs of COE
- **Nature/stability of the state**
 - Scenario driven/being worked in Area Study
- **Sociological Demographics**
 - Scenario driven/being worked in Area Study

JRTC

Environmental Variables (cont.)

- **Regional/global relationships**
 - Scenario driven/being worked in Area Study
- **Military capabilities**
 - JRTC does not possess the capabilities to “fully” meet the demands of COE (Digital C2, PGMs, NVG/Thermal Capability, Counter-Air Assets, Deception, IW/EW, UAV, Communications)
- **Information**
 - **Information Operations:** currently limited to HUMINT and Media (no staff agency available for IW/EW, Computer Warfare, Deception Operations)

JRTC

Environmental Variables (cont.)

- **Technology**
 - Scenario driven/being worked in Area Study; JRTC OPFOR is technologically challenged IAW the FM 7-100 series manuals
- **Supra-national organizations**
 - being worked in Area Study; requirement to provide more personnel to role play NGO/PVOs
- **National Will**
 - Scenario driven/being worked in Area Study

JRTC

Environmental Variables (cont.)

- **Time**
 - N/A
- **Economics**
 - **Current infrastructure meets the requirements for COE**

JRTC

HICON Transition Requirements

N/A

JRTC

FM 7-100 Series Implementation

- **At the tactical level there are no “how to” manuals for reference (i.e. FM 7-8, 7-10, 7-20 & equivalent MTPs)**

JRTC

Dispersed Attack Shortfalls

- **AT Capabilities - ATGMs and RPGs**
- **Manpower Shortage W/O Augmentation**
- **Increase ADA Capability - MANPADs/towed system**
- **Engineer Company - M/C-M/S capable**
- **Intel BOS - Imagery/GSR/REMBASS/intercept/FLI**
- **UAV (lack of)**
- **Reconnaissance Vehicle - ATVs**
- **Communications Package/Systems - Tac-com/Cell**
- **EW Package - DF and Jamming**
- **Anti-LZ mines; Side-Attack minefields**
- **Artillery - Heavy Mortars/CMCB Radar/ADHPM**

JRTC

Changes to ROE

- **We will not know until COE is actually implemented;**
- will be based off of the new Order of Battle(OB)**

JRTC

Comments

- **Manpower, Equipment and Funding (OPFOR does meet most of the COE requirements but in a limited capacity)**

Our Finest Asset

A Geronimo in Action!
